Profile

I am a creative person with a passion for graphic design, hardware products and internet and network design. I have extensive experience in a wide range of subjects and am always looking for new experiences to expand my knowledge. I believe that by being open to change and learning new things, I can become a better person and a better design. I am always looking for new ways to improve myself and express myself.

Experience

GRAPHICS DESIGNER, (UAKIN ADVERT) – 2014-PRESENT

I find myself working extensively in graphic design and print work
